

Forecast For Northwest England
Issued by Met Office Exeter
at 0400 on Thursday 03 Jun 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Cooler with showery rain for some.

Today:
It will be a generally rather cloudy day with light rain at times, as well as occasional sunny intervals too. Feeling warm, but cooler than previous days.
Maximum temperature 23 deg C (73 deg F).

Tonight:
Becoming generally dry this evening with clear spells, but still with the odd isolated shower. Cloud thickening over the south of the region overnight. Minimum temperature 8 deg C (46 deg F).

Friday:
Generally dry with largely clear skies along the coast and further north, but cloudier at times elsewhere, however it should remain dry. Clear skies becoming more widespread overnight. Maximum temperature 18 deg C (64 deg F).

Outlook for Saturday to Monday:
Scattered showers and sunshine on Saturday, before becoming drier on Sunday and Monday, although still with a few showers. Cooler than of late, although still warm.
